

Sub-Committee Operating Guidelines

'A subcommittee, like the P&C, has as its core function, the need to act, in all instances, in a way that will bring about positive outcomes for the school and the students who attend.'

A subcommittee is not an autonomous body, but rather a group working within the P&C framework that are there to assist with the effective function of the P&C in specific areas.

Officers of the Subcommittee - Consists of a Chairperson; Secretary; Treasurer (cannot be either the chairperson or secretary) plus additional positions (e.g. Vice Chairperson, fundraising or general group) Members of the executive subcommittee **MUST** be members of the P&C Association. FGSHS P&C Executives are also eligible to hold an officer position on a subcommittee. The P&C President is automatically a general member.

Volunteers - The subcommittee shall invite volunteers to assist with activities and will ensure that all voluntary workers sign in and out of the volunteer register (Appendix 3) when conducting duties. All volunteers are to be made aware of any policies and procedures that apply. Any volunteers who are not a parent of a student at the school must have a 'Suitability Blue Card' before including them as a volunteer for insurance purposes. For more information re Blue Card please consult the P&C for further clarification.

Meetings - Subcommittee meetings do not need to be held monthly but can be held when required. Subcommittees **MUST** still report to the P&C at every general meeting, even if just to say *'there was no activity or meeting'* that month. There must still be a financial report presented by the subcommittee to the P&C every month but this will normally be included as part of the P&C's Treasurer's report.

Reporting - The subcommittee will develop an Annual Operation Plan (AOP) (see appendix 1 & 2) which includes proposed meetings dates, planned fundraising events, and budget. This will need to be presented to and approved by the Association at a general meeting each year prior to the AGM. The subcommittee shall report to every general meeting of the Association in the form a summary of the minutes and if no meeting has been held then it is duly noted in the Association's minutes. A signed copy of the approved minutes will be sent to the P&C Business Operations Manager for Audit purposes and record management.

Please Note: Major operational decisions need to be endorsed at an Association's general meeting through the AOP. Motions/recommendations outside the scope of the AOP need to be approved at the next general P&C meeting before proceeding. Examples: the purchase of major equipment for the school over a nominated amount eg Perfect Language purchase as requested by the HOD of Languages; approval to sell or serve liquor at a function (Principal and P&C must be informed). Purchases required in the normal operation of a subcommittee and associated activities need not be pre-approved but mention made in the sub group's report eg purchase of urn to be used at events, catering costs for associated events, expenditure of money for a fundraiser which can be noted in the finance report or the donation/transfer of monies from subgroup to school. If deadlines need to be met before the next general meeting Executive approval can be sought. Any Executive decisions will be recorded at the next P&C General Meeting.

Finance - Proper accounting records shall be kept of all monies received and expended by the subcommittee. The subcommittee is responsible for instructing the P&C Business Operations Manager in the payment of all expenses from its own funds. All accounts shall be paid by cheque or electronic funds transfer in favour of the supplier of goods or services in accordance with the normal operation of an event. Regular payments eg fortnightly/weekly shall not be made to individuals without a tax invoice and an ABN. The subcommittee Treasurer shall oversee all financial matters including the storage of change or a float and the appropriate counting and banking of money. Approval of the AOP and budget will determine funds that will be used by the subcommittee.
