PARENT INVOLVEMENT

Our school community benefits greatly from parental involvement and strongly encourages parents to volunteer. We appreciate that we all have busy lives, and to share the load, you can volunteer in various ways by means of your time; ideas; skills, contacts etc. Becoming actively involved is a terrific way to engage with other parents whilst providing support in your child's learning environment. Could you please indicate (✓ in the box below) the ways that you are prepared to assist.
