

Investing for Success

Under this agreement for 2017

Ferny Grove State High School will receive

\$481 256*

This funding will be used to

- Increase the % of students achieving in the Upper Two Bands (U2B) in Years 7 and 9 Reading, Writing and Numeracy commensurate with similar schools.
- Improve the relative gain for students as evidenced in Years 7 and 9 NAPLAN to levels commensurate with similar schools.
- Increase the % of students achieving A/B standard in all subjects with particular focus on English, Mathematics and Science.

Our initiatives include

- Implementing an improvement agenda which is adopted by all staff and progresses the school's culture of high achievement.
- Implementing a consistent approach to improving the literacy and numeracy skills of all students
- Implementing a pedagogical framework that is consistently used across the school.
- Developing a whole school Curriculum Plan that defines a consistent approach to curriculum planning, implementation and moderation across faculties and year levels.
- Ensuring school-wide, systematic data reflection processes are embedded by school leaders and staff
- Aligning programs to build school leader and teacher capacity with the identified priorities of the Explicit Improvement Agenda (EIA)

Our school will improve student outcomes by

- Using a Growth Mindset approach to help define, build and sustain a culture of high achievement.
- Reviewing existing approaches to identify strengths and gaps in delivering significant, measurable growth for all students.
- Implementing a whole school approach to embedding the teaching of literacy and numeracy with an enhanced focus on Reading, Writing and Numeracy.
- Implementing a pedagogical framework that is consistently used across the school.
- Implementing a whole school Curriculum Plan that defines a consistent approach to curriculum planning, implementation and moderation across faculties and year levels.
- Review, refine and implement the School Data Plan.
- Implementing a whole school Professional Development Plan drawn from the EIA.
